12 February 1962

1. I talked with Larry Houston who has been designated as the "Case Officer" for [REDACTED]. Everything went extremely well over the weekend and Larry is now in the process of setting up a Board of Inquiry.

2. I arranged for [REDACTED] to see J. Herbert Walsh at the Bureau of the Budget to discuss our staggered working hours, and on Tuesday, 13 February, Alan advised me that the Bureau had approved of our proposal and would confirm it in writing.

3. [REDACTED] telephoned to say that the Director was interested in an article which appeared in THE NEW YORK TIMES on Sunday referring to the President's statement on "conflict of interest." (On Tuesday, we received a copy of the new Regulation, as well as the statement. The General Counsel is studying these, and I expect to put it on the Agenda for the Deputies' Meeting on Tuesday, 20 February.)

4. [REDACTED] reported that the strike at Building [REDACTED] has been settled 25X1A6a and that the plumbers were back on the job.

25X1A1a

5. I called Roger Jones at the Department of State and gave him a brief report on the attitude of both the Senate and the House Appropriations Subcommittees concerning the [REDACTED] H
(I asked [REDACTED] to ensure that the Bureau of the Budget is informed.)

6. Emmett Echols was in to discuss a number of problems with me:

a. He was very interested in setting up a Qualifications Register on Machines but recognized that the Comptroller, the Director of Security, and others had similar, although slightly different, interests and that we might need to proceed with an integrated system rather than a piecemeal system. I told him that I would like to set up a meeting with him and Joe [REDACTED] to discuss this further.

b. Emmett was worried about his finances for Fiscal Year 1962. He said that at the moment he was going to be \$200,000 overobligated and that this was attributable to the number of people in the pool.

c. I discussed with Emmett briefly the supervision of the Personnel Division of the Clandestine Service. I think that Emmett, [REDACTED] 25X1A9a
[REDACTED] and I should get together and thrash this out. Apparently, it

has been agreed that this should be on the T/O of the DD/S Area and supervised by the Special Support Assistant to the DD/S. I am going to be hard to persuade that this is the correct course of action; in my judgment it should be on the T/O of the Director of Personnel or on the T/O of the Clandestine Service.

25X1A9a

d. Emmett reported that Mr. [REDACTED] was being reappointed as a "Reserve" employee at his old salary. (This is the case in which the CI Staff wanted to allow Mr. [REDACTED] to retire and be re-employed as a contract employee the next day with a substantial increase in salary.)
